Æternus genitor, genitusq; æternus, utroq;,
Procedens flatus, pectora veſtra regat.

Votum pro Nobilitate Danica.

En quàm Regali pompa Rex ſiſtitur aris,
En quàm devoto pectore ſacra facit.
Non tantum mundi pompoſos curat honores,
Sed magè magnanimum pectus ad aſtra levat.
Cœlitùs expectans Divini numinis auram,
Quæ fuerit Regi ſancta corona novo.
Nam pater è cœlis, Rex Regum, Filius atq;
A dextris reſidens, hoc Diadema dabunt.

Rex in Eccleſia ſtans ad Aras, accipiens Corōam.

Sancte Deus, Rex celſus adeſt, benedicito Chriſte,

Accipe Rex fulvam, gemmis, auroq́ coronam,
Quam tibi nunc mittit, monte Syone, DEVS.
Hanc etenim celſo, Rex Regum, tradit olympo,
Qui tibi cum Regno, regia Sceptra dedit.
Vt veluti Dominus cœleſtia regna gubernat,
Sic Rex ô clemens, tu dominêre tuis.

Ipſa traditio Coronæ, ſeu ipſa coronatio.

Principio, veram Chriſti tu relligionem,
Quæ vehit ad cœlos, pectore conde pio.
Namq́ timens Dominum, nulla bonitate carebit.
Non metuens Chriſtum, proſpera nulla videt.
Hæreſis atq́ error cunctus, dolus iſte nefandus,
Exeat ex Aula, Rex generoſe tua.
Salvifico reſonent, per regnum, regia templa
Dogmate ſalvantis, Rex venerande, DEI.
Hæreſis eſt etenim triſtis deſcenſus ad orcum,
Quàm qui defendit, triſtius ipſe perit.
Errare eſt hominis: Satanæ eſt errata probare,
Hunc, ni vertatur, ſera pœna manet.
Eſt error fœdus, ſcripturam dicere contra,
Hæreſis at, cum quis dogmata falſa probat.
Idcirco omnipotens regalem protegat Aulam,
Ne forſan damnans ingruat arte dolus.
Sed maneant, maneant, magni pia ſcripta Lutheri
Quæ mundum vitæ dogmata vera docent.

Adhortatio ad Regem ut Syncceram Religionem Lutheranam colat, & omnẽ hæreſim vitet.

Poſtea cœleſtes virtutes mente ſerena,

Adhortatio ad honeſtas virtutes aulicas.

Pergito ab exemplo ritè fovere tuo.
Regis ad exemplum, quoniam componitur orbis,
Quæ faciunt reges, ſubditus ipſe facit.
Aulaq́; regalis cunctis virtutibus aucta,
Fulgeat & vigeat ſplendidé in orbe diu,
Vt virtus Danüum toto clareſcat in orbe,
Et celebre veſtrum nomen ubiq́; bonum.
Arma, viri fortes, heroës, bellica virtus,
Sint danici regni fortia fulcra bonj.

Vaticinium de pacifico Regnō ſub hoc Rege à nominibus ſuis.

Sic etiam, ſi fata valent, ſi nomina proſunt,
Pacificum regem, plurima ſigna notant.
Nam quod Chriſtiano nomen ſacra fata dedëre,
Quid valeat? Chriſti ni pia verba colat?
Poſtea pacificum, FRIDRICI, & amabile nomen,
Quid valeat? ſi non vincla pacis amet?
Adde quod & natale ſolum præſagia dictet,
FRIDRICHBVRGIACIS lumina cæpit agris.
Inde triplex igitur, ſanctæ cognoſcitur pacis
Omen, Si divum fata ſacrata velint.

VOTVM pro regiæ majeſtatis Conſiliarius.

Sic qui conſiliis regnum prudentibus amplum
Promovent, vivant, auxiliisq́; juvent.
Hoc regni magnum decus eſt, ſi vertice cani
Spectentur proceres: conſilioq́; graves.

Illi

[illegible]
Et Regnum, & Regem, ritè juvare ſciunt.

Et nunc vos Danai fortes, armisq́; potentes,
Gaudete in Domino, tendite ad aſtra manus,
Atq́; Deo ſancto, ſanctas ex pectore grates
Dicite, pro tanto munere, Rege novo.
Eſt etenim Dominus, qui Reges Regnaq́; donat,
Solus & omnipotens regna beata facit.
Id propter ſacrum munus cognoſcite Regem,
Veſtra ſub illius mittite colla jugum.
Hoc decet, hoc juſtum eſt, Dominusq́; hoc poſcit ab
Subjectos Regem ſic celebrare ſuum. (alto,

Alia adhortatio ad populum Daniæ ut regem ſuũ ſubmiſsè venerentur.

Rex etiam contra Regali pectore ductus,
Mitis erit vobis, pro bonitate ſua.
Ille reget dictis animos, mentesq́; ſagaces,
Inflectet ſceptri Numine & arte ſui.
Mollia ut aurigæ digitis ſua frena gubernant,
Sic digiti motu pectora veſtra reget.
Idcirco Regi totos vos credite veſtro,
Is vobis ſemper munus ahenus erit.

Promiſſio clemẽtiæ Regis erga ſubditos.

Apoſtrophe ad Mare & Inſulas, ut & illæ ſuum Regem agnoſcant.

TV Mare velivolum ſpumantes ponito fluctus,
Atq; novum Regem condecorato tuum.
Namq; tuus Dominus, terraq; mariq; gubernans,
Vt Rex accepit nunc Diodema ſacrum.
Vertice jam Regis, gemmis ornata corona,
Splendidius cœlo, Luciferoq; micat.
Ille ſua aurato pro majeſtate tridente
Imperat, atq; maris debita jura tenet.
Ergô tu motus vanos, fluctusq; ſonantes,
Comprime, ſi ſapias, nocte dieq; ſile.

Alia Apoſtrophe ad naves et navigantes ut huic Regi debitum honorem exhibeant.

Et vos, quæ trinas geſtatis in aëre malos,
Naves huic Regi munera juſta date.
Turgida vos humili motu deponite vela,
Oſcula tum Regi figite ſancta novo.
Tum quoq; Theſauros reſerate ex ordine veſtros,
Thuraq; completa ferte Sabæa manu.
Quo Dania inſignis jucundum captet odorem,
Transitus & vobis liber ubiq; detur.
Sic decet, & juſtum eſt, Reges coluiſſe decoros,
Sic reges placido pectore cuncta regunt.
Sic immota manet concors concordia rerum,
Sic rex cum regno ſecla beata videt.
